

Employment Opportunity

The **Churchill Northern Studies Centre** (CNSC) is an independent, non-profit research and education facility located 23 km from the town of Churchill, Manitoba along the shore of historic Hudson Bay. The CNSC facilitates scientific research and educational programming in the physical, biological and social sciences by providing accommodations and logistic support to scientists and educators. The Centre's newest building, opened in June 2011, employs a variety of award-winning green building features designed to reduce water and energy consumption. Learn more at www.churchillscience.ca

Internship Position Sustainability Technician

This is a paid internship position ending September 30, 2021 with possible extension up to one-year (tentative start date **as soon as possible**) based in Churchill, Manitoba. This internship position will assist with innovative sustainability projects, such as the Rocket Greens Hydroponic project. The Sustainability Technician will also monitor sustainable building systems and support the development of programs and presentations related to sustainability at the Churchill Northern Studies Centre. The ideal candidate has a background in environmental science or similar area and has demonstrated skills in record keeping, systems monitoring, and excellent communication skills. A valid driver's license is required. A positive attitude, good people skills, flexibility, and the ability to work with a minimum of supervision are a must. A willingness to obtain a Manitoba Class 4 driver's license, PAL, and Standard First-Aid is required. Must be a Canadian citizen, between the ages of 18 – 30 to qualify for internship funding. Preference will be given to those residing in Manitoba at the present due to public health travel restrictions and isolation requirements. Detailed job description and salary available by request.

Please submit a detailed resume by email **no later than June 25, 2021** to the address indicated below.
